

## How to Schedule and Join a Video Visit

This document outlines the options for joining and scheduling using a personal computer, smart phone, or tablet and connecting with the assistance of a delegate.

### Scheduling a Videoconference Appointment

You **cannot schedule** a videoconference appointment using a smart phone.

1. Log in at [otnhub.ca](http://otnhub.ca), go the **Videoconference** tab, and schedule an appointment using the **Connect to > Guest Via OTNinvite** feature.
2. Enter the required information. Tap the **Schedule** button . When the appointment is scheduled, the Event Details includes a “Host URL” (the event link needed to join) Please make note also of the HOST PIN. It will be required to join from the Host URL.
3. Copy/paste the Host URL from the Event Details into an email for yourself or into your calendar.

### Option 1 –Joining a Videoconference – Smart Phone or Tablet

You **can join** a videoconference using either a smart phone or a tablet.

Everyone involved in the videoconference must have the **Pexip Infinity Connect** app installed on their smart phone or tablet. ([iOS app](#); [Android app](#))

1. Open the email (or calendar entry) containing the Host URL and tap the **Host URL** (event link).
2. Tap the **Open my eVisit event** button in the Welcome screen and allow access to your camera and microphone.
3. Enter your name in the “*You’re invited to*” screen and then tap the **Video**  option.

### Option 2 - Joining a Videoconference – Tablet Only

Everyone involved in the videoconference must have the **Pexip Infinity Connect** app installed on their tablet. ([iOS app](#); [Android app](#))

1. Open a browser, log in at [otnhub.ca](http://otnhub.ca), go the **Videoconference** tab, and locate the event.
2. In the Event Details, tap the **Host URL**.
3. Enter your name in the “*You’re invited to*” screen and then tap the **Video**  option.

## Connect with Your Patients using a Smart Phone or Tablet with Help from an Administrative Support Person (Delegate)

### Option 1 – Clinician Joins using “Event Link” Provided by Delegate

The clinician is the “delegator” and will be the “host” for the videoconference. The clinician’s administrative support person is a “delegate”.

#### Delegate Schedules a Videoconference Appointment using OTNhub

1. Delegate logs in at [otnhub.ca](http://otnhub.ca) using a personal computer, goes to the **Videoconference** tab, and schedules an appointment using the **Connect to > Guest Via OTNinvite** feature.
2. Add the patient name or initials, email, and create a Host PIN. Click the **Schedule** button  and set a date and time. Confirm that the appointment details are accurate.  
When the appointment is scheduled, the Event Details will include a “Host URL” (the link needed to join) and a “Host PIN”.
3. Delegate copy/pastes the Host URL and Host PIN from the Event Details into an email and sends it to their delegator or enters the information into their delegator’s calendar.

#### Clinician Joins the Videoconference Appointment using a Smart Phone or Tablet

Everyone involved in the videoconference must have the **Pexip Infinity Connect** app installed on their smart phone or tablet. ([iOS app](#); [Android app](#))

1. Open the email (or calendar entry) containing the Host URL and Host PIN and tap the **Host URL** (event link).
2. Tap the **Open my eVisit event** button in the Welcome screen and allow access to your camera and microphone.
3. Enter your name in the “You’re invited to” screen and then tap the **Video**  option.
4. Enter the Host PIN.

### Option 2 – Clinician Joins using the “Guest Email” Invitation

The clinician is the “delegator” and will be the “host” for the video visit. The clinician’s administrative support is a “delegate”.

## Delegate Schedules a Videoconference Appointment using OTNhub

1. Delegate logs in at [otnhub.ca](https://otnhub.ca) using a personal computer, goes to the **Videoconference** tab, and schedules an appointment using the **Connect to > Guest Via OTNinvite** feature.
2. Add the delegator's name and email as a guest. Add the patient name or initials, email, and create a Host PIN. Click the **Schedule** button  and set a date and time. Confirm that the appointment details are accurate.  
  
When the appointment is scheduled, the **Event Details** will include a "Host URL" (the link needed to join) and a "Host PIN".
3. Delegate sends an email to the delegator with the **Host PIN** from the Event Details or enters the information into their delegator's calendar.

## Clinician Joins the Videoconference Appointment using a Smart Phone or Tablet

Everyone involved in the videoconference must have the **Pexip Infinity Connect** app installed on their smart phone or tablet. ([iOS app](#); [Android app](#))

1. Open the guest email and tap the **Start eVisit** button.
